PROFESSIONAL SUMMARY

Software Developer with over 1 year of hands-on experience in designing and building clean, responsive, and user-centric web applications. Proficient in both frontend and backend technologies including Angular, TypeScript, Django, and SQL. Passionate about clean code, performance optimization, and delivering intuitive user experiences. A fast learner and problem-solver with a strong foundation in modern web development best practices.

PROFESSIONAL EXPERIENCE

Junior Software Deveoper

Dec 2024-Present

Travidux Technologies Pvt Ltd , Kerala, India

- Worked on POS and BI Suite projects, enhancing front-end modules in Angular and supporting business logic implementation in Python.
- Collaborated with senior developers to follow clean coding practices, improve code readability, and maintain consistency across the project.
- Optimized complex PostgreSQL queries and assisted in data validation processes, which improved the efficiency of reporting and transaction accuracy.
- Integrated RESTful APIs to connect frontend interfaces with backend logic, enabling smooth data flow across the application.

TECHNICAL SKILLS

Languages: Python, JavaScript, TypeScript, HTML, CSS

Libraries and Frameworks: Bootstrap, JQuery, Angular, Django

Databases and Tools: MySQL, PostgresSQL, Git

PROJECTS

HyperCart | [Angular](#), [Python](#), [Django](#), [Postgres](#) | [Github](#)

- Developed a scalable full-stack e-commerce application using Angular and Django REST Framework.
- Built a responsive user interface with product listing, search, cart, and checkout features.
- Designed secure REST APIs with JWT-based authentication and role-based access (Admin / User).
- Implemented PostgreSQL database models and admin dashboard for managing products, orders, and inventory.

College Assignment Management System | [Python](#), [Django](#), [Bootstrap](#) | [Github](#)

- Built a full-stack web application using Django to handle assignment creation, submissions, grading, and course management for students and teachers.
- Implemented role-based authentication and authorization (Admin, Teacher, Student) leveraging Django's built-in authentication system.
- Designed a responsive and user-friendly interface with Bootstrap, ensuring cross-device compatibility and improved usability.
- Added file upload, document preview, and notice board features to improve communication and user experience.

EDUCATION

LBS College of Engineering, Kasaragod

B.Tech - Information Technology - CGPA - 7.7

Jul 2019 – Jun 2023

Kasaragod, Kerala
