PROFESSIONAL SUMMARY

Software Developer with 1+ year of experience building responsive web applications and enterprise ERP/BI systems. Proficient in Angular, TypeScript, Django, and PostgreSQL, with a proven track record of delivering end-to-end features that improve data accuracy and system performance.

PROFESSIONAL EXPERIENCE

Junior Software Developer

Dec 2024 – Present

Travidux Technologies Pvt Ltd, Kerala, India

- Built and enhanced ERP modules using Angular, Python, and Django, streamlining core business operations and workflows across multiple functional areas.
- Improved data accuracy and query performance by integrating third-party APIs and optimizing PostgreSQL queries, resulting in faster load times and more reliable reporting.
- Developed key BI Suite features, including customer tracking, sales management, and reporting dashboards, empowering teams to make faster, data-driven decisions.
- Collaborated with senior developers and cross-functional teams, following code review best practices to deliver clean, maintainable, production-ready code.

TECHNICAL SKILLS

Languages: Python, JavaScript, TypeScript, HTML, CSS

Libraries and Frameworks: Bootstrap, jQuery, Angular, Django, Ionic

Databases and Tools: MySQL, PostgreSQL, Git

PROJECTS

HyperCart | Angular, Python, Django, PostgreSQL | GitHub

- Developed a scalable e-commerce application using Angular and Django REST Framework.
- Built a responsive user interface with product listing, search, cart, and checkout features.
- Designed secure REST APIs with JWT-based authentication and permission-based access (Admin/User).
- Implemented PostgreSQL database models and admin dashboard for managing products, orders, and inventory.

College Assignment Management System | Python, Django, Bootstrap | GitHub

- Built a full-stack web application using Django to handle assignment creation, submissions, grading, and course management for students and teachers.
- Implemented role-based authentication and authorization (Admin, Teacher, Student) leveraging Django's built-in authentication system.
- Designed a responsive and user-friendly interface with Bootstrap, ensuring cross-device compatibility and improved usability.
- Added file upload, document preview, and notice board features to improve communication and user experience.

EDUCATION

Bachelor of Technology – Information Technology

Jul 2019 – Jun 2023

LBS College of Engineering, Kasaragod

Kerala, India

CERTIFICATIONS

Python Full Stack Developer Training Certificate

Jan 2024 – Apr 2024

Quest Innovative Solutions, Kerala, India
